

## Invitation for Webinar on Compression dated 22-10-2022

IEEE Delhi Section with Computer Society Chapter, Consultants Network Affinity Group, Life Member Affinity Group, Inter Society Relations, Industry Relations & SIGHT Standing Committees of IEEE Delhi with the associations CSI, Safa Society, ISTE Delhi Section, IETE Delhi Centre, invites you for a Webinar on 22-October-2022, the Saturday, at 06:00 p.m.

Everybody is familiar with the word Compression in different ways. Compression process has different meanings in chemical, mechanical, civil and metallurgical engineering. But the moment we think about compression in electronic engineering, one word which strikes our mind is ?Digital?. Digital audio and video signals integrated with computers, telecommunication networks, and consumer products have fueled the digital revolution. At the heart of this revolution is the digital compression of audio and video signal. The compression for digital revolution is like the heart for human body. The way proper functioning of heart is essential for human body to survive, similarly proper compression is necessary to make digital revolution a complete success. Compression has now reached the stage where it can economically be applied to video and audio systems on a wide scale. The webinar aims to discuss various aspects of the compression.
