Invitation for Webinar on Trending Technologies of 2024 dated 31-08-2024

IEEE Delhi Section with Computer Society Chapter, Consultants Network Affinity Group, Life Member Affinity Group, Inter Society Relations, Industry Relations & SIGHT Standing Committees of IEEE Delhi with the associations CSI, Safa Society, ISTE Delhi Section, IETE Delhi Centre, invites you for a Webinar on 31-August-2024, the Saturday, at 06:00 p.m.

We are almost half way through 2024 and there has been lots of movement happening in the technology world. From hardware to software, we are seeing interesting trends. Chips industry is undergoing a tremendous shift, with companies like Nvidia getting into \$3T mark. New chip architectures are being experimented upon and getting funded which may disrupt the existing players. These chips are further boosting the growth of AI and as the hype settles the usecases which add business value are getting traction. AI assisted research and automation is in full swing. We can see the impact in drug discovery, automotive (self driving vehicles), healthcare (esp. automated surgeries, AI assisted diagnosis), financial analysis (AI assisted portfolio analysis), teaching (AI assisted tutors), customer support (digital humans), manufacturing (digital twins) etc. This is paving way for a new era in robotics and humanoids. With every passing day, it looks we are getting closer to a ChatGPT like moment in humanoids. The Webinar will delve into some of these interesting technological trends and how this technologically changing ecosystem will impact our way of living and the skills needed for future jobs.
