Invitation for Webinar on Emergence of Digitization & Automation in Automotive Embedded Systems dated 21-09-2024

IEEE Delhi Section with Computer Society Chapter, Consultants Network Affinity Group, Life Member Affinity Group, Inter Society Relations, Industry Relations & SIGHT Standing Committees of IEEE Delhi with the associations CSI, Safa Society, ISTE Delhi Section, IETE Delhi Centre, invites you for a Webinar on 29-September-2024, the Saturday, at 06:00 p.m.

With the advent of new Technologies like Autonomous Driving, Connectivity & Electrification, the role of Automotive Embedded Systems has become more significant to lead the transformation & enable the way forward to meet the Customer expectations & the emerging regulations. Embedded Systems will continue to be the main driving factor to innovate and facilitate implementing the continuously evolving expectations and Market demands to manage the disruptions in the legacy systems that challenge the Performance, Safety, Comfort & Security aspects. Digitisation & Automation can provide the solution to emerging requirements in terms of Product Quality & Services considering the influences on ecosystem & consumer needs. In this Session, the deliberations shall be focussed towards dealing with some of these techniques that Embedded Software developers will need to focus & add value to the overall Software & System development cycle.
