2 Days Research Capacity Building Workshop on Reference Management using Mendeley and Zotero

In the digital age, efficient reference management is crucial for academic success. Mendeley and Zotero are two of the most widely used tools for organizing research, managing citations, and creating bibliographies.

Aim: This two-day seminar aims to provide participants with comprehensive training in these tools, enabling them to streamline their research processes and improve the quality of their academic work.

In this Seminar, there will be technical sessions on the following topics, by experts? trainers from academics:

- ? Overview of Zotero and comparison with Mendeley
- ? Installation and account creation.
- ? Navigating the Zotero interface.
- ? Importing and organizing references.
- ? Integration with Google Docs and Microsoft Word for citation management.
- ? Customizing citation styles and exporting bibliographies.
- ? Overview of Mendeley and its importance in academic research
- ? Installation of account and its creation
- ? Navigating the Mendeley and its interface
