Abstract of the Talk

5G has seen deployments in many countries. These deployments help us unravel some myths and challenges. India will also soon see 5G deployments by many operators. This topic will also cover the deployment options, use cases focused for 5G deployments. Private 5G deployments have also seen some unique deployments. We will also cover challenges and solutions for private 5G deployments in Indian context. The Webinar aim to discuss all round perspective of 5G – myths and challenges.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
