**Abstract of the
Talk**

This webinar is aimed at providing a high-level overview of 6G for a
hyperconnected future to the participants. As fifth generation (5G) global
rollout, is underway the focus of wireless research is increasingly shifting
toward 6G. We expect that 6G will provide ultimate experience for all
through hyper-connectivity involving humans and everything. In this session,
the speaker will provide comprehensive overview of various aspects related
to 6G, including technical and societal trends, drivers, use cases, candidate
technologies, and research areas.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in
large numbers and derive maximum benefit. **Advance registration is mandatory for
participation. Participants will also get Participation Certificate.**
