

IEEE Delhi Section with Computational Intelligence Society, Computer Society, Communication Society, Consultants Network Affinity Group, Life Members Affinity Group, Inter Society Relations, Industry Relations, TEMS, SMC & SIGHT Standing Committees of IEEE Delhi Section with following associations

CSI Delhi Chapter

Computer Society Chapter IEEE Delhi Section

IITP New Delhi

IETE New Delhi

IEEE Delhi Section

Invite you for a Free **Webinar** on **19-11-2022, the Saturday**, at **06:00 p.m.** as per the details given hereunder:-

Speaker

Mr. R. K. Singh

ICT and Broadcast Media Consultant
Former Engineer-in-Chief, Doordarshan

Date and Time Schedule

19-November-2022, the Saturday, from 06:00 p.m. to 07:30 p.m.

Title of the Talk

AI in Healthcare and Medicine

Venue and Contact Details

CISCO WebEx Meeting Platform

CISCO WebEx Event ID and Password shall be sent on E-Mail to the registered participants, at-least one day in advance. Please check your Spam and other folders also for our emails and mark it as SAFE / NOT SPAM.

Programme Schedule

05:30 p.m. to 06:00 p.m. – Login, online Networking and Tea (at Home)
06:00 p.m. to 07:00 p.m. – Technical Talk
07:00 p.m. to 07:30 p.m. – Q & A Session followed by Certification

Registration Link and Fee

Registration Link: <http://bvicam.ac.in/webinars/>

No registration fee. It is absolutely free for the members of IEEE, CSI, IETE, ISTE, ISCA, IITP and Bharati Vidyapeeth, with pre-registration

Abstract of the Talk

The Healthcare industry is an essential industry that offers care to millions of citizens, while at the same time, contributing to the local economy. Artificial Intelligence is benefiting the healthcare industry in numerous ways. Information technology is revolutionizing the healthcare industry by providing a helping hand. As we know, AI is the development of computing systems that are capable of performing tasks that typically require human intelligence. These involve heavy tasks like decision making, solving complex problems, object detection, and much more. The benefits of technologies, such as, increased level of accuracy and high level of computation, which take days for humans to solve manually are getting implemented into the healthcare business to enhance the services and keep the data organized. AI in healthcare is an umbrella term to describe the application of machine learning (ML) algorithms and other cognitive technologies in medical settings. The webinar aims to discuss various aspects of the AI in Healthcare and Medicine.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**

(Prof. M. N. Hoda)

Director, BVICAM, New Delhi

(Prof. Subrata Mukhopadhyay)

Chairperson, CNA Group, IEEE DS
