Abstract of the Talk	Citing sources is fundamental to academic writing and using reference management software is particularly helpful for writing projects or for researchers who assemble large number of references. This webinar shall enable you to manage your references, organize your research and quickly create citations and bibliographies using Mendeley citation management tool. The session will cover an introduction to Citations, their meaning and importance, various citation management tools, like EndNote, RefWorks and Zotero, their similarities and differences. You shall leave learning to set-up your Mendeley account, importing documents into your library, inserting bibliographies and collaborations.

All are welcome:
Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
