Bharati Vidyapeeth New Delhi	**IEEE Delhi Section** with **Computational Intelligence Society, Computer Society, Communication Society, Consultants Network Affinity Group, Life Members Affinity Group, Inter Society Relations, Industry Relations, TEMS, SMC, ES, CI, SIGHT Standing Committees of IEEE Delhi Section and Region-10** with following associations	IEEE Advancing Technology for Humanity IEEE Delhi Section

CSI Delhi Chapter	IEEE COMPUTER SOCIETY Delhi Section Chapter	IITP New Delhi	IETE New Delhi	IEEE Computational Intelligence Society IEEE Delhi Section

Invite you for a Free **Webinar** on **15-07-2023**, **the Saturday,** at **06:00 p.m.**
as per the details given hereunder:-

Speaker	**Mr. Anil Pathak** Senior Director - Product Management and Engineering, HARMAN, Gurugram, Haryana, India
Date and Time Schedule	**15-Jul--2023, the Saturday,** from **06:00 p.m.** to **07:30 p.m.**
Title of the Talk	**Evolutionary Trends in Automotive Industry**
Venue and Contact Details	**CISCO WebEx Meeting** Platform CISCO WebEx Event ID and Password shall be sent on E-Mail to the registered participants, at-least one day in advance. Please check your Spam and other folders also for our emails and mark it as SAFE / NOT SPAM.
Programme Schedule	**05:30 p.m.** to **06:00 p.m.** – **Login, online Networking and Tea (at Home)** **06:00 p.m.** to **07:00 p.m.** – **Technical Talk** **07:00 p.m.** to **07:30 p.m.** – **Q & A Session** followed by Certification
Registration Link and Fee	**Registration Link: http://bvicam.ac.in/webinars/** **No registration fee. It is absolutely free for the members** of **IEEE, CSI, IETE, ISTE, ISCA, IITP** and **Bharati Vidyapeeth,** with pre-registration
Abstract of the Talk	There are always many technologies and trends shaping Automotive industry, but few amongst them are taking the lead as following: 1) Connectivity / Connected Vehicles 2) Electric Vehicles / Electrification 3) ADAS / Autonomous driving 4) Shared Mobility / Fleets. Given trends are possible because of advancements of underlying technologies such as 5G & Edge computing, V2X, IOT, Public Clouds, Data Analytics, Artificial Intelligence, Digitalization, Connected Car Platforms, Analytics Platforms, Cyber Security and so on. In this session, we will not just focus on technologies but see how these technologies are enhancing the driving experience, because when you get into the car, it is not just to take you from X place to Y place but to live in your third living space (after home & work) and enjoy the journey with rich immersive experiences! Let's try to have glimpse of all these in this session and discuss all possible issues and concerns.

All are welcome:
Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**

(Prof. M. N. Hoda) Director, BVICAM, New Delhi	**(Prof. Subrata Mukhopadhyay)** Chairperson, CNA Group, IEEE DS
