<b>Abstract of the Talk</b>	The theme for IEEE Day, leveraging technology for a better tomorrow, recognizes the importance of building on past achievements. What is technology, how it can help us build a better future, who is impacted how, what are our rights – are some questions that many of us would have in mind. Our expert speaker, Prof. K. K. Aggarwal will throw light on these. The session shall also uncover the who, what and how of the current technologies that are and shall impact the human society in a considerable way in the current times.

**All are welcome:**

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
