Abstract of the Talk	Metaverse is an emerging field that promises to revolutionize digital interaction. Here we will talk about virtual worlds, avatars, and the social & economic implications of this technology. Gain knowledge on the challenges and opportunities of this emerging technology and its potential to transform the way we interact with each other and with digital objects. Explore the future possibilities of the metaverse and its role in creating new business opportunities, education, and entertainment. This Session is aimed to discuss all these issues and concerns.

All are welcome:
