Course Code: BA(JMC)-106

Course Name: Still Photography

Assignment - 1

(Based on Unit - I & II)

- Q1. Evaluate the statement, "Modern-day photography is a culmination of historical developments," by examining and analyzing the significant contributions of various scientists to the evolution of photography.
- Q2. Elaborate the distinctions between film and digital cameras, while analyzing the significant advancements and innovations in modern-day still cameras.
- Q3. Justify the various genres of photography through a multimedia presentation, elaborating the impact of these genres on employment generation in the field of photography.
- Q4. Discuss the importance of exposure in photography with respect to the camera control and adjustments.
- Q5. "The creative use of the lens gives photography its expressive qualities - they shape the way you "see" the world through the viewfinder." Justify the statement by explaining the variety of lenses used in photography.
